

For Immediate Release

One Oasis Wins Prestigious International Property Awards and Attains LEED Certification

One Oasis successfully garners two awards of the prestigious and long established International Property Awards in the 2014 Asia Pacific regional competition. They include the Five-Star Best Residential High-Rise Development as well as the Highly Commended Residential High-Rise Architecture. Attaining these two coveted awards is indisputable evidence that One Oasis is capable of outperforming some exceedingly strong contenders within the highly competitive Asia Pacific property arena. More importantly, One Oasis is the first Macau residential project to achieve the awards which strongly proves One Oasis is the most upscale and comprehensive residential complex in the city. The awards are also recognized as One Oasis' fulfillment to the best international standards in our development process from master planning, architecture, interior design to facilities and services.

One Oasis
COTAI SOUTH
金峰·南岸

Alongside the branding and architecture achievement in the International Property Awards 2014, One Oasis attains an international recognition of our high standards in green development.

The construction of our central clubhouse, Club Oasis, is given the Leadership in Energy and Environmental Design (LEED) by the U.S. Green Building Council, the preeminent program for design, construction, maintenance and operations of high-performance green buildings. One Oasis is the first residential project to attain LEED accreditation in Macau. One Oasis has strived to offer our discerning residents an international luxury and green living at Cotai South, Macau. Our efforts contributed to the environmental conservation in the community will be kept on in our future developments.
